

Unit Name: **Eddie Valiant** (Walker (2 Legs)) Call Sign:

Duty/History/Innovations: Designed as a small recon unit, the Eddy Valiant can also pack a serious punch when all hard points are loaded out. First designed by the Americans for use in the Plains areas, the Eddy V. is commonly found among all Free State Armies. Because they are so cheap, these units are often the first real Walker most Patriot Pilots use during training.
