

Unit Name: **Gecko** (Helicopter (Single)c) Call Sign: Internal Damage Chart

Duty/History/Innovations: The Gecko is an assault helicopter developed by the Free State Armies. The main armament, a TBE 20, is useful against ground units as well as air targets. Unfortunately, the Gecko cannot survive hits well. For this reason, usually only veteran pilots take the controls. While not very common due to it's size and maintenance cost, Gecko's can be found in most Free State arsenals.
