

Unit Name: **Michael** (Walker (2 Legs)) Call Sign: Internal Damage Chart

Duty/History/Innovations: Michael was developed in a Joint US-Israeli attempt to create a superwalker in response to the UN Scorpion. Only a handful of these units exist and are piloted only by the absolute best warriors the Free States have to offer. These units are only found in American and Israeli armys, although one is on loan to the Rebel Vatican. Michael is the most feared (and expensive) unit in the Rebel arsenal.
