

Unit Name: **T34/76** ( Tank (Treaded) ) Call Sign:

Duty/History/Innovations: When the T34/76 appeared on the battlefield in 1941, it was a shock to the Axis forces. (And it should be added a shock to the Allied forces as well) Easily the fastest and most maneuverable of the early "battle tanks" the 76 was the tank that had set the pace for all other tank builders to match. As a direct result of the 76, the Germans created the 88mm anti-tank gun. ALLIES/RUSSIA
